Passcode: 4iM6HP9j

POST MEETING

Copy/Summary of minutes of public community meeting

Public community meeting is available to members of the public at large, collectively.

The minutes must document that the public community meeting included:

- A description and display of the legal name and contact information of the Proponent.
- The name, Nameplate capacity and generating or storage technology of the long-term reliability project.
- A scale map showing the boundaries of the project site, location of the connection Point and approximate location of the connection line.
- A Q & A opportunity where members of the public have an opportunity to ask questions to the Proponent in a manner accessible to all other members of the public attending the meeting.
